

# Remploy Fact Sheet

**Want to buy a PC from Remploy**, the UK's leading IT Recycling organisation and provider of sustainable employment for disadvantaged and disabled people?

- The Remploy 'e-cycle' scheme refurbishes computers to the highest standards, and will provide customers with low cost machines, affordable internet deals, support and help to get them started at home quickly, easily and affordably and help the digitally excluded realise the benefits of the internet.
- Remploy's £92 refurbished computer goes on sale nationwide today by calling 08450 268293 or if you are already online <http://www.ecycleonline.co.uk>
- **So what do you get for your money?** A choice of computers with a flat screen monitor, mouse and keyboard including, a choice of operating system and an Office package with warranty, telephone support and delivery. Build a package that is suitable for you.
- Connectivity is provided by Three's mobile broadband - with one, three and 12 month options available with a small additional cost onwards.
- Remploy expect to have a laptop solution and competitive fixed line broadband options available in the following weeks.
- People will be able to buy the PCs online, by telephone, or pay off-line using Payzone, which *allows cash payment* at more than 20,000 sites including local convenience stores, garages and Post Offices.

## **Want Remploy to take your old PCs off your hands?**

- From large corporate enterprises, public sector to small businesses, Remploy, e-cycle offers expert advice in collection, auditing, data security, donation, repair, refurbishment and re-use and value recovery of IT Assets to the highest of Quality, Environmental and Security standards thus providing a green and sustainable solutions.

Our business is founded on the 5 R's-reduce, reuse, remarket, recycle, risk

- Reduce the procurement of new assets
- Reuse existing assets and extend Lifecycle through Refurbishment, Repair & Redeployment
- Remarket - of end of use assets to gain best value recovery for our clients
- Recycle ethically providing <1% to landfill and challenging
- Risk management for Data Security and Environmental compliance

Our highly secure infrastructure, security cleared staff, defined and audited processes, using the latest Blancco data erasure technology, eliminates any risk of data loss, therefore avoiding potentially costly fines or damage to your organisational reputation.

Remploy e-cycle, recognised within the IT Asset Disposal industry as purveyors of 'Best Practise', were awarded the Buying Solutions Framework for Secure IT Asset Recovery, Disposal and Value Recovery adhering to the highest of international standards for quality, environmental and security (ISO 9001, 14001, 27001 and ADISA).

In addition Remploy offers a full Lifecycle Services portfolio from Deployment and Installation of New Assets, Imaging, Audits, Repair, Upgrades and Onsite Security Services of assets and onsite data sanitation services.

Our organisation makes a difference in the lives of disabled people by providing sustainable employment and skill development. For those companies who wish to make a positive contribution through corporate social responsibility (CSR), diversity and a Sustainable Supply Chain, there is no better way of 'giving back' than working with Remploy e-cycle, all the while providing employment for disabled people.
